

HUNT AT TEJON

Guided Black Bear Hunt

Tejon Ranch's guided black bear hunt is a three-night, three-day hunt that includes a guide, lodging, meals, transportation on the Ranch, and basic field care of harvested animals. At Tejon Ranch, we strive to not only make your hunting experience successful, but memorable as well.

Schedule:

Hunts start on Monday or Friday. Hunters will check in at **1:00 PM** at the Tejon Ranch Wildlife Management Office (4427 Lebec Rd. Lebec, CA 93243). After checking in, you will view an orientation video before being escorted to your hunting cabin by your guide or a ranch representative. Each hunter will be required to sight in their rifle or before going to the field; a shooting range is available on property.

You can expect to hunt until end of shooting hours on the first day, approximately four (4) hours in the morning and four (4) hours in the evening of the second day, and the morning of the third day until the hunt ends at **10:00 AM** (Hunt to Harvest Policy Applies).

Bear Season: California black bear season opens the second Saturday in August and continues through December 31, or until the statewide harvest quota is met. Bear tags are sold over-the-counter at most sporting goods stores or via the CDFW website. Hunters must submit a copy of their hunting license and bear tag with hunting application.
